MISSION IN ACTION

From its inception in 1935 as a Bible institute to train pastors and missionaries, Southeastern has rested on a solid foundation of vision and faith. That foundation has held firmly as our school evolved and relocated through the years, gradually expanding its mission and degree offerings along with its student population, and moving in 1952 to our permanent suburban campus in Lakeland, Florida.

Today, vision and faith still underlie Southeastern University. An Assemblies of God university – coeducational and primarily residential – Southeastern enrolls nearly 3,000 students, both traditional and nontraditional, who represent a variety of denominations, personal interests, backgrounds, states, and countries.

We offer a vital, Christ-centered education that, through a wide range of academic majors leading to bachelor's and master's degrees, prepares our students for a life of world-changing leadership in church-related positions and in other professional fields. Arriving at Southeastern as people committed to following Jesus Christ, these students graduate ready either to enter graduate study or to serve throughout the world as ministers, teachers/educators, social service and mental health professionals, and business men and women.

Our programs of study span the following academic areas: behavioral and social sciences, business, communication arts, education, history, languages, leadership, music, natural sciences and mathematics, public policy, and religion.

Along with academic preparation, Southeastern provides many opportunities for voluntary service ministry in our local community and abroad. Frequent chapel services, a thriving music program, a variety of clubs and associations, and intercollegiate and intramural sports add to our students' full and busy lives.

Ideally, a student educated within Southeastern's Christian academic community displays these abilities and experiences:

- Orally and in writing, communicates with assessed competence and clarity;
- Demonstrates the knowledge, skills, and maturity necessary for the profession he or she has chosen;
- Has acquired scholarly habits and can perform skilled research.
- Has rendered, to the campus and the community, service appropriate to a Christian citizen
- Demonstrates a broad cultural perspective informed by a Christian worldview.

Saying "yes" to Christ, we believe, implies not only a zeal to serve, but a commitment to excellence in every activity. Southeastern University seeks to graduate men and women who combine faith, compassion, and humility with self-discipline and careful thinking; who take seriously the Biblically based obligation and privilege of being "the salt of the earth"; and who consequently approach every task — a class assignment, a volunteer project, an internship experience, a career —as an opportunity both to do well and to do good.

INSTITUTIONAL GOALS

1. To create and engender a community of authentic Christian faith conducive to successful living and learning. Every decision relative to this atmospheric commitment will be judged against the following core values:

a. Authentic Spirituality

Genuine devotion, rather than showmanship, sensuality, and self-centeredness inform our expressions of worship, especially in public.

b. A Faith-infused World View

Though certainly not claiming an artificial unanimity on all social and political issues, there is a God-centeredness at the heart of our world views.

c. Character Development for Ethics in Life

Our Biblical value system and world view must find expression in a truly Christian ethic. That ethical system must be celebrated in relationships, business, and decision making in all of life. Ethics as a belief system must also find the character to be acted upon.

d. A Family-oriented Community of Servants

Servanthood in leadership as well as relationship means practical kindness in the example of Christ. We do not believe it possible to fully serve God without serving humanity. We likewise believe it is not possible to fully serve humanity without serving the family of God in this place.

e. Professional and Academic Excellence

Our God is a God who "doeth all things well." "Good enough for church work" is a repugnant phrase to us. Here at SEU and in the professions and ministries to follow, we hold excellence as being consistent with who God is.

f. Culturally Literate and Sensitive

If we are committed to serve God and the world in the genuine love of Christ, we must understand the world and its true needs. Sensitivity to the spirits of those around Him was at the heart of Christ's ministry. To understand and respond with sensitive love implies not compromise but compassion.

2. Preserve the evangelical and Pentecostal heritage and message of the Assemblies of God and provide positive direction for its future.

- 3. Provide a general education program which will equip students with quantitative, verbal, and technological skills; enhance their appreciation of their cultural and religious heritage; strengthen their commitment to the liberal arts; and give them a view of their responsibility as Christian scholars in the community and the wider world.
- 4. Provide sufficient religious education to enable students to be conversant in the Christian faith, to articulate their own beliefs, and to actualize their faith through consistent growth and practice by the integration of faith in all aspects of life.
- Provide undergraduate programs of sufficient quality to prepare students for success in graduate and professional school and in the early stages of their careers.
- 6. Provide graduate programs in various areas which will prepare students for success in post-graduate programs.
- 7. Achieve the quality of instruction and resources necessary for the national accreditation of selected areas and the development of the additional graduate programs where appropriate.
- 8. Provide academic support through computer facilities, library resources, student support services and faculty development opportunities to ensure quality instruction and a challenging academic environment.
- 9. Prepare students for citizenship as Christians in the world through reflective community interactions and teach commitment to ideals of service, benevolence, civic virtue and social justice.
- 10. Increase the diversity of the faculty and student body, address the unique needs of a diverse campus population, and encourage academic inquiry into minority concerns.
- 11. Recruit, develop and retain a diverse community of teaching professionals, administrators and support staff who demonstrate excellence in their professional roles and effectively implement the mission of the university in their lifestyles and co-curricular involvement.
- 12. Continue the growth of the student enrollment and development of the capital assets to optimize student opportunities.
- 13. Provide quality academic, spiritual, cultural and recreational services to its various publics.

HISTORY OF SOUTHEASTERN UNIVERSITY

Southeastern University was founded in 1935 by Alabama District Superintendent J.C. Thames and other Southeastern District leaders. Originally named the Alabama Shield of Faith Institute, in 1936 it was renamed the South-Eastern Bible Institute. Guy Shields was the first president.

Originally located in a former high school building in New Brockton, Alabama, the school opened its doors to students on November 4, 1935, under the direction of four faculty members. Two years later, on May 22, 1937, the first graduation exercises were held. Seventeen students received diplomas for the two-year academic program.

SEBI continued classes in New Brockton until 1940 when a decision was made to consolidate the school with Beulah Heights Bible Institute in Atlanta, Georgia. The school was known from 1940 to 1942 as the Beulah Heights—South-Eastern Bible Institute. In the fall of 1942, Rev. Ralph Byrd allowed the school to relocate to his congregation at 301-7 Capital Avenue, SW in Atlanta where it then was again named the South-Eastern Bible Institute.

In 1946, the Board of Directors voted to secure a permanent location for the full development of the school. A new campus location was purchased later that year in Lakeland, Florida. The Atlanta campus was sold and development of the new site was begun. From 1946 to 1952, SEBI was located at the Lodwick School of Aeronautics in Lakeland. In 1952, the school moved to its present location at Longfellow Boulevard.

Student body growth continued at the new central Florida campus along with the academic program. SEBI became South-Eastern Bible College in 1956 when four-year Bachelor of Arts degree programs were begun. After adding education degrees, the College Board of Directors changed the school name to Southeastern College of the Assemblies of God in 1977.

In 1986, Southeastern was granted regional accreditation by the Southern Association of Colleges and Schools. Accreditation was reaffirmed in 1991 and 2001. In 2005, Southeastern College officially became Southeastern University, began offering its first Master's Degree programs, and formed the Colleges of Arts & Sciences, Business, Christian Ministries & Religion, and Education.

What began in 1935 as a Bible-training school is now the largest Assemblies of God educational institution in America, producing future Christian leaders in the fields of church ministries, education, medicine, law, business, communication, psychology, social work, literature, and music.
