Advising the Students of SEU *(Focus Verse)*

- 1 To the elders among you, I appeal as a fellow elder, a witness of Christ's sufferings and one who also will share in the glory to be revealed:
- 2 Be shepherds of God's flock that is under your care, serving as overseers—not because you must, but because you are willing, as God wants you to be; not greedy for money, but eager to serve;
- 3 Not lording it over those entrusted to you, but being examples to the flock.
- 4 And when the Chief Shepherd appears, you will receive the crown of glory that will never fade away.

(1 Peter 5:1-4)

Impact of Advising

“Good advising may be the single most underestimated characteristic of a successful college experience.”

**Richard J. Light (Professor of Grad. School Educ.
and JFK School of Gov. at Harvard University)**

‘A study of graduating seniors reports that certain kinds of advising were critical for their success, such as an advisor asking unexpected questions, recommending career exploration or describing life goals.’

Faculty Academic Advising Responsibilities consist of:

- Program Knowledge
- Advising Skill
- Availability to Students
- Promoting Accountability!
- Instilling Responsibility!
- Mentoring!

Three A's of Advising

- **Accurate-Know Degree programs, Gen. Ed. Requirements and course sequencing information**
- **Availability-Post your office hours**
- **Accessibility-Keep your office hours**

The Advising Session

(see the Academic Advising Session Table 1 on page 73 of the Academic Advising Handbook)

- Be attentive during advising appointments
- Be informative. Communicate with your advisees via e-mail regarding advising issues or instructions for the upcoming advising period
- Assist students not familiar with the advising process

Differences in Registration & Advising

Create checklist...freshmen, transfers, returning students, student/athletes, seniors and students in academic difficulty

Recognize the difference between 'Registration' and 'Advising'

- Registering: Reviewing schedules, signing course schedules, signing students in and out of courses and reviewing degree audits
- Advising: Serving as a personal reference/mentor contributing to the overall success of students during their college career
- Advising: Providing students with the keys to achieve their academic goals in college and success in future careers

Academic Achievement Program

The purpose of the Academic Achievement program is specifically intended to assist students who register to attempt course schedules consisting of 18 to 21 credit hours towards to satisfactory completion of classes while maintaining a cumulative GPA (grade point average) of 3.0 or above.

Academic Achievement Program

The normal academic load is 16 hours per semester. This enables the student to complete degree requirements in approximately four years. A student may register for up to 17 hours per semester after consultation with his or her academic advisor.

To register for 18 to 21 hours, the student must have a cumulative grade point average of 3.0 or higher and permission from the department chairperson or Dean of the college of the student's declared major and/or the Registrar.

The maximum course load permitted with special approval is 21 hours. The minimum course load for full-time classification is 12 hours per semester. The student will be billed for hours fewer than 12 and more than 17 at the credit hour tuition rate. A student enrolled in the summer session may not exceed a total of (6) six hours per summer session.

Academic Achievement Program Procedures and Processing

1. Academic Achievement Contracts/Request are available in either the Office of the Registrar or Office of Academic Advising.
2. An Academic Advisor, Department Chair or College Dean must approve and sign the Academic Achievement Contract/Request.
3. The academic advisor, department chair or college dean granting the course overload must send a course overload approval correspondence to the Office of Academic Advising via e-mail to advisingoffice@seuniversity.edu not registraroffice@seuniversity.edu.
4. The student must bring the approved and signed course overload contract/request back to Office of Academic Advising.

Development and Remediation Program

This developmental education programmatic approach is intended to complement the current developmental and remedial studies policy detailed in the university catalog. The developmental and remedial studies course grouping is comprised of classes that when complemented with an effective developmental education program and supporting academic services can prove to provide a solid foundation toward helping underprepared students become resilient and successful academically.

Development and Remediation Program

In an effort to help enhance overall retention and graduation rates here at Southeastern University, the Office of Academic Advising requires all underprepared or academically at-risk students attend mandatory group meetings as part of the PASS – Development and Remedial program.

The recommended plan and procedures are intended to identify, monitor, educate, advise and register at-risk groups in the initial enrollment of an underprepared student's academic career.

Development and Remediation Program Procedures

Prior to the start of each fall and spring term, all admitted degree-seeking students with a cumulative GPA (grade point average) below the minimum requirement in their secondary academic career and/or entrance examination scores below the minimum ACT (Reading 18; Sentence Skills 17; or Beginning Algebra 19); SAT (Verbal 440 Math 440) or CPT-College Placement Test (ACCULACER) will be identified by the Admissions Office as at-risk and reported to the Office of Academic Advising for preliminary advisement.

Academic Intervention Procedures

- Academic Intervention alerts will be delivered to each Department's Secretary during the 6th – 7th week of each term (one per adjunct and full-time instructor)
- Complete Academic Intervention Alerts legibly and clearly
- Return Academic Intervention Alerts to Office of Academic Advising by courier or in person
- Our office will send out a mailing to all referred students, schedule meetings and consult students
- Our office (Academic Advising) will schedule appointments to consult each referred student that contacts us
- At the close of the intervention period, Academic Intervention consultation reports will be provided to each instructor who referred students during this initiative

Academic Probationary Review Program - Probation

The new Academic Probationary Review Program is designed to assist first-year and second-year students in their successful transition from high school to college. We recognize that the move from high school to college, or the first two years of a student's academic career, can be challenging.

Academic Probationary Review Program - Probation

The Academic Probationary Review Program is designed as a learning environment which enables first and second year students to develop creative and critical thinking skills, information literacy, and the personal and social skills needed to facilitate a successful transition from high school to university.

- StrengthsQuest Assessment and StrengthsQuest Program
- Goal Setting and Motivation
- Time Management and Prioritizing
- Organization

Academic Probationary Review Program Focus Groups

These focus groups are intended to effectively guide students toward an understanding of his/her talents, help improve academic engagement, set personal developmental goals, develop study skills and intellectual exploration by completing assessments and exercises on the following topics:

- Academic Planning
- Study Environment
- Stress Management
- Note Taking
- Reading Comprehension

Academic Probationary Review Program Procedures

- Academic Probation students must sign a contract agreeing to the following conditions to return to SEU
- Probationary students will be limited to 12-14` credit hours during the semester
- Students are required to meet with our office during the first 6-8 weeks of each term for scheduled academic focus group meetings

Academic Probationary Review Program Procedures

- Students placed on probation are required to attend every focus group meeting during the first 6-8 weeks of each term
- Failure to attend one or more focus group meetings will result in a 'AA – Academic Advising' hold placed on the student's account
- Office of Academic Advising will monitor and evaluate academic performance during academic focus group meetings and assign labs, tutors or other academic services, as needed

Academic Probationary Review Research Paper - Warning

In this assignment, the student (first-time probationary students) will submit a 5-6 page research paper in MLA format on the following topics: goal-setting, time management, prioritizing, organization, motivation and studying. The student will be responsible for taking an active role in his/her education by completing the required research mentioned (above) and performing analysis, synthesis, and evaluation while formulating an academic plan to help facilitate successful academic achievement outcomes.

Academic Probationary Review Research Paper - Warning

This assignment is expected to be completed by the deadline assigned by the instructor and is subject to grade. A satisfactory grade of 80% (B–) or better is required to be exempt from focus group meetings.

Academic Suspension Plan

Failure to submit the research paper by the established deadline or complete the assignment with a grade of 80% (B-) or better will result in a 'AA – Academic Advising' hold placed on the student's account

Academic Probationary Review Research Paper - Warning

The Academic Probationary Review Research Paper is designed as a learning environment which enables first and second year students to develop creative and critical thinking skills, information literacy, and the personal and social skills needed to facilitate a successful transition from high school to university.
